

Certified Data Management Professional: Associate

Turn your knowledge and expertise into the most valuable professional certification and join 1000 other professionals who all proudly bear the designation CDMP® (Certified Data Management Professional) behind their name.

Velisa Africa Academy is a proud Training Provider hosting the training workshops and is the Exam Centre for the CDMP® certifications in Southern Africa.

“The Certified Data Management Professional® (CDMP®) credential is awarded to those who qualify based on a combination of criteria including education, experience and examinations of professional level knowledge. This certification was established by DAMA International in 2004 as the gold standard for measuring accomplishment in the data management field”

The CDMP® certifications are internationally relied on to indicate superior proficiency in Data Management

This is for a new entrant to Data Management, or someone who has been in Data Management for a short time and wants to progress their career path to becoming an Advanced Data Management professional (CDMP® Advanced). It is also a useful certification for CIOs and related senior management who are looking for a thorough understanding of the principles of Data Management.

CDMP® Associate Requirements	
Experience	6 months – 2 years
Education	Degree / Diploma / Certification
DAMA Membership*	An Active DAMA membership (Local or International)
DMBoK Knowledge	Knowledge and understanding of DMBoK principles
Exam to Pass	DM Fundamentals
Exam Pass Rate	60%

The requirements are focused on ensuring that the individual has a basic knowledge of Data Management and is thoroughly conversant with the DMBoK (Data Management Book of Knowledge) Version 1, as well as any number of the resources mentioned in each chapter.

THE EXAM

The Certification exam is preceded by a Data Management Fundamentals preparation workshop, led by a DM expert, which will not only include revision tips and techniques but also work on a set of practice questions.

- Re-certification is achieved by moving to CDMP® Practitioner (5-Year Maximum time limit)
